I-25 PERFORMANCE ROTOR

This Rugged Rotor Can Stand Up to Any Commercial Job

The I-25 gets the job done with power, efficiency, and commercial-grade reliability. With a robust watering radius of 11.9 to 21.6m, this rotor can be used in a variety of applications and environments. The compact, highly durable design is available in a plastic model or stainless steel for tough-as-nails strength. With a 5-year warranty, the I-25 also has options for reclaimed water ID and high-speed. A standard check valve is built in, and a wide selection of high performance nozzles are available. Efficient, tough, and built-to-last, Hunter’s I-25 rotors work hard day in and day out so you don’t have to.
