**PRO-HC & HC**

### FEATURES
- **Number of stations:**
  - **HC:** 6 and 12 (24 and 36 with 12-station expansion modules)
  - **Pro-HC:** 6, 12, and 24 fixed stations
- **Enclosure:**
  - **HC** plastic indoor
  - **Pro-HC** plastic indoor and outdoor
- **Wi-Fi enabled for fast and simple internet connection**
- **Full-color touch screen**
- **Full programming at the controller**
- **HC** flow meter compatible for flow monitoring and alerts
- **Built-in electrical monitoring and alerts**
- **Advanced sensor ports**
- **Hydrawise software compatible**
- **Warranty period:** 2 years

### PRO-HC EXTRA FEATURES
- **Dedicated master valve/pump start**
- **Large terminal strips and wiring compartment**
- **Built-in milliamp sensor for detection of wiring problems**

### ELECTRICAL SPECIFICATIONS
- **Transformer input:** 120 VAC or 230 VAC (international model)
- **Transformer output (24 VAC):** 1 A
- **Station output (24 VAC):** 0.56 A
- **P/MV (24 VAC):** 0.28 A
- **Sensor inputs:** 2
- **Operating temperature:** 0°F to 140°F

### APPROVALS
- **CE, UL, cUL, C-tick, FCC**
